This means that in order to determine your grade, you will have to divide the grade you receive by the total possible points for the assignment.</div> <div>For example: If the assignment is worth 50 points and you earn 40 of those points, you divide: 40/50 = 80% Your grade = 80 / B</div>
<div>Assignments</div> <div><ul style="list-style-type: none">Classwork / homework (daily) — given for practice and graded mostly for following directions, completion, and quality work. Some problems are graded for accuracy. -10 pointsQuizzes—(weekly) - graded for accuracy. Sometimes students may use their notes, so it is important for them to keep their binder organized. -50 pointsUnit Tests/tasks — graded for accuracy and worth twice or more as much as a quiz. -100 points</div>	<div>Late Work</div> <div>Late assignments are to be turned in no more than 1 week past the due date unless at the end of the grading period.</div> <div>Points will be deducted for each day the assignment is turned in late.</div> <div>No past-due work will be accepted after the end of that 9 weeks grading period.</div>
