

Southwest Asia and Asia GSE Social Studies Project

Throughout the year, you have been learning about the Southwest Asia and Asia. Today you will be assigned a research project that will be worth a classwork grade. Each project will focus on one of the Georgia Standards of Excellence that you have studied about during the course. You are to act as the expert of the Georgia Standards of Excellence you pick. Your job is to prepare your co-students for the QBA 2 in Southwest Asia or Asia Georgia Standards of Excellence. When the project assignment is given, you may choose which project you wish to complete from the list below. Follow all instructions exactly. Keep in mind that you must use MLA format for the work cited, all work should be typed, size 12 font, Times New Roman. You will be given creative license on this project as long as you meet the requirements stated here.

NO late projects will be taken – all projects are due on the date assigned.

You may work alone or in partners. You should choose your partners carefully. If you select a partner who is not a hard worker, it may negatively affect your grade. If you are not comfortable working with someone within your class, you should seriously consider working alone on the project.
